1 VOICE, SMS AND DATA CHARGES

All National & International Voice, SMS, MMS and Data will be charged as at the rates listed in the pricing tables listed in the appendices at the end of this document.

1.1 Voice Calls

When you make a call, we calculate the price between the time the call is answered and the time the call is terminated. We will charge in increments of 60 seconds, meaning that charges for a part of a minute call will be rounded up to a full minute and charged at our per minute rate. For example, if you make a 1min:44sec call, the charge will be calculated based on a 2min call.

1.2 SMS and MMS

SMS messages will be charged per standard text message rate. Standard text messages hold up to 160 characters - this can vary depending on your mobile phone. If you use more than your limit of characters in one message you will be charged for separate text messages and standard rates apply. For example, 165 characters will be charged as two separate messages.

MMS will be charged per standard message rate. Receiving both MMS and SMS in Australia is free of charge.

1.3 Data Usage

A session of data is measured between the start and end of a transaction between your mobile and your Internet destination. This includes websites and applications for smartphones. Handsets operate in different ways; for example, one handset may view numerous websites / applications as one session, while another may view each individual website / application as a separate session. Irrespective of which way or the number of sessions, you will be charged for the volume of data in each session.

For 4G services and 3G services, both uploads & downloads are counted towards data usage. Data is charged per KB (1 GB = 1024 MB, 1 MB = 1024 KB).

1.4 Yomojo Plans

Yomojo has numerous Mobile Plans, Mobile Broadband Plans and Home (Fixed) Wireless Broadband Plans on offer. Mobile Plans include bundled allowances of Voice, SMS, Data, and possibly International Voice. Mobile Broadband and Home Wireless Broadband Plans include an allowance of Data. All plans auto-renew unless cancelled.

Allowances are 'charged 'in the same manner as standard usage however rather than a monetary cost, the balance of the allowance will be deducted by the volume of usage. For example, if you make a 1min:44sec call, the voice allowance balance will be reduced by 2 minutes. For "unlimited" allowances, the volume or duration is not relevant.

The Plans we offer, the amount or value of the included allowances, and the price of those Plans is constantly reviewed and updated. You will find information and pricing for each current Plan on our website, including the applicable Critical Information Summary (CIS) at https://yomojo.com.au/cis. You will find the CIS for previous Plans under the 'Previous Plans 'section of the Critical Information Summaries webpage.

2 INTERNATIONAL ROAMING CHARGES

2.1 Overseas Voice, SMS, MMS, Data Charges

All outgoing & incoming Voice, SMS, MMS and data usage while outside of Australia will be charged at international roaming rates from the (roaming) country of origin to and from Australia. Flag fall (connection fee) and additional charges may apply while roaming, e.g. welcome SMS.

Roaming usage will be charged at the rates listed in APPENDIX C. Roaming is turned OFF by default. It can be turned ON in your Account Settings.

The rates and zones in APPENDIX C apply to Prepaid services. Postpaid roaming is set out in section 2.4 and APPENDIX F.

Monthly Billing customers may hit their credit limit while roaming, especially with data turned on. This is to protect you from overspend and eliminate bill shock. Once your credit limit is reached, you will no longer be able to use your service.

After you have been roaming, it may take several months for all charges from your time overseas to appear on your bill.

2.2 Using Voicemail Overseas

To access your Voicemail from overseas, please contact us.

2.3 Voicemail Charges when Roaming

Access to Voicemail while outside of Australia will be charged at international roaming rates from the country of origin to Australia.

Important Roaming Notes:
Roaming is expensive! Please be aware of our roaming rates below or on our website prior to leaving Australia and turning roaming on. Yomojo and our network provider Optus makes no guarantee regarding the availability and quality of coverage or any other services while roaming on 3rd party networks.

2.4 Postpaid Roaming Day Pass

A Roaming Day Pass is available on Postpaid services only. When roaming is turned on and you are in a Zone 1 country (see APPENDIX F), a Day Pass is applied automatically the first time in a calendar day that you make a call, send an SMS, use data or receive a call. A calendar day is based on the local time of the country you are visiting.

Each Day Pass includes 5GB of data and unlimited standard calls and SMS to Australian numbers and to numbers in the country you are visiting, subject to our Fair Use Policy. If you use more than 5GB in a calendar day, a further Day Pass is applied. Calls and SMS to other countries are charged at the Zone 2 rates in APPENDIX F.

Outside Zone 1, roaming usage on Postpaid services is charged at the rates in APPENDIX F.

Roaming Day Pass: $5.90 per day

3 ADDITIONAL CHARGES
