INFORMATION ABOUT THE SERVICE

Description of the service

Yomojo Cloud is a cloud-hosted business voice (hosted PBX) service, charged per user per month with no minimum term. Each user gets a business phone number they can use across their devices, with unlimited calls to the included destinations, voicemail to email, presence, chat and messaging, web and audio conferencing, and CRM integrations.

Equipment needs

You can use Yomojo Cloud with the included softphone apps on your own computers and mobile devices, or with optional Yealink desk handsets purchased outright. The service requires an active broadband internet connection and mains power at your premises; neither is included in this plan.

Emergency (000) calls

Yomojo Cloud is a VoIP service. Calls to emergency services (000) may not work during a power or internet outage, and your location is not automatically available to emergency services in the way it is from a fixed line. We recommend you keep a charged mobile phone available for emergency calls.

Number porting

You can port your existing phone numbers to Yomojo Cloud at no charge. Porting timeframes depend on your current provider and third-party carrier processes.

Is this plan bundled with any other Telecommunications Service?

You don't need to bundle this plan with another Yomojo service and no bundle discounts apply. Yomojo Cloud requires an internet service, which you can obtain from any provider, including Yomojo Business Fibre. See <https://www.yomojo.com.au/business>.

What's included

Each Yomojo Cloud user has the following features:

- Unlimited local, national and mobile calls, 1300/13 calls, and international calls to 14 included destinations
- Voicemail and unified messaging to email
- One number across all your devices, with presence, chat and messaging
- Advanced web and audio conferencing
- CRM integrations (including HubSpot, Odoo and Zoho)
- Plan automatically renews each month

Business use only. Terms & Conditions, the Yomojo Business VoIP Service Schedule and Fair Use Policy apply.

INFORMATION ABOUT THE PRICING

Minimum term

None. Yomojo Cloud is a month-to-month service. Promotional pricing applies to orders placed between 1 September 2026 and 31 December 2026 with a minimum of 5 users.

Minimum monthly plan cost

During the promotional period, \$50.00 inc GST per month (5 users at the promotional per-user price), pro-rated for your first month based on the day of activation. From month 7, the standard per-user fee applies. Optional handsets are charged upfront at the prices in the table above.

Maximum Monthly Plan Cost

Your per-user plan fees, plus any calls you make to excluded destinations (premium and satellite numbers, and

international destinations outside the 14 included), which are charged as set out in our Pricing Table. All prices include GST.

Cancellation fees

There is no minimum term, so you can cancel or reduce users whenever you choose but please note, we won't refund for unused plan allowances or credit. Handsets purchased outright are yours and are not refundable on cancellation.

Promotions and Special Offers

This summary reflects a 50% discount on the per-user plan fee for the first 6 months, for orders placed between 1 September 2026 and 31 December 2026 with a minimum of 5 users. The discount applies per user added during the offer period; users added after the offer period pay the standard per-user fee. This summary does not include any other special offers or promotions.

Yomojo Full Pricing List and Fair Use Policy

Our Fair Use Policy and the Yomojo Business VoIP Service Schedule apply to this plan. You can find these and all our policies, terms and pricing at <https://www.yomojo.com.au/terms>.

Payment

No payment processing fees or card surcharges apply to this plan.

Additional account fees

A late payment fee of \$15.00 per event may apply if your invoice remains unpaid after your payment due date. Other account fees may apply as set out in our [Terms and Conditions](#) and Pricing Table.

Moving premises

Yomojo Cloud is not tied to an address. If you move, your service and numbers move with you — you just need an

active internet connection at your new premises. Remember to update the address we hold for emergency (000) call purposes.
